

## Dubai World Cup 2018

**Hear hear!**  
**STS is now the official transport partner of Dubai World Cup 2018!**

كأس دبي العالمي  
 DUBAI WORLD CUP

We are honored to become a part of the esteemed tournament and wish the organizers and participants great success this season.

## MENA Transport Congress and Exhibitions UITP 2018

**STS is one of the supporting sponsors of MENA UITP Congress Exhibition.**

The theme of the 2018 edition was 'Pioneering for customer happiness', recognizing the customer as the core of public transport service and incorporating happiness along with satisfaction.

The agenda of the program as well as the theme echoes with the goals of STS, where we want to ensure the safety, satisfaction as well as happiness of not just the children that are entrusted to us but also of the parents.

## World Health & Safety Week

At STS, we are committed to ensuring the well-being of our team - not just by taking care of their needs but also raising awareness among them about healthy living. As part of this pledge, we have introduced programs that target everyday habits to achieve a greater good.

### Introducing

'Fruitful day at STS' will be held once a month where we will be distributing fruits to all employees to help educate them on the benefits of healthy eating.

Meanwhile, we will be providing all of our employees with STS branded water bottles as part of another program, 'Water you waiting for', to promote drinking water more frequently.

**We have picked 'Apple' as our fruit choice this month!**

- Did you know?
- Apples are a great source of cancer-fighting antioxidants
  - They help fight heart diseases & diabetes
  - They're high in fibre
  - Improves over-all digestive health
  - Helps manage your weight

**Pick up your Apples from the pantry!!!**

## Health & Safety Event

**At Our Own English High School - Al Ain**

Representatives from STS and Best Bus Transport were together invited to Our Own English High School, Al Ain to be their speakers for World Health and Safety Week Event.

Head of Service Delivery Operations Joe Khan along with training manager, Zahid Gul, and marketing executive Leslie Morelos presented their knowledge of health and safety, and its importance in our everyday lives to school students and staff.

It was remarkable to see everyone take the day and come together for the cause of promoting and encouraging habits to ensure the well-being of one another.

From all of us at STS, we wish you

## Ramadan Kareem!

As the Holy month of Ramadan draws closer, we have a few tips on being Safe, Timely and Smart while on the roads.

If you're fasting, remember to consume hydrating and nutritious foods during Suhoor and Iftar so you stay fresh through the day. Be careful and mindful while driving on the roads to ensure not only your own but also the safety of other motorists out at that time.

Most importantly, be safe, so you can spend quality time, meditating and being close with your family, in the spirit of the holy month.

## Staff Appreciation at STS

Our unrelenting team is the backbone of our success and it is always a pleasure to watch them receive praise and adulation by parents and guardians.

**1**

My son Mohammed Izaan Suhas, student of KG 1 BB is using the transport facility provided by STS and the bus No. is 41.

They are entrusted with such a great responsibility of transporting our children to & back from school and they did this with utmost care. My son was very comfortable while using the school bus.

Once again, I sincerely recognize their dedication and commitment toward the safety of the students. Please convey my tokens of appreciation to both the staff for driving kids safely to and back from the school."

**Mandeep Singh**  
 Bus 86, KGS  
 (Kindergarten Starters)

I offer my appreciation for the Driver and the conductor Rahma who have picked up and dropped off my child safely for the last three years.

The Bus- 86 was always punctual and the Driver was well disciplined, and he made sure steering the bus packed with the students safely every day, while respecting the road rules. And also, the conductor Rahma is a responsible lady who has taken good care of the students. She made sure every child fastens their seatbelts and disciplined the kids kindly.

My son has been experiencing such a wonderful journey to the school and I, as a parent enjoyed listening to all the stories happening in the bus 86 for last three years.

- Parents of Joel Xavier

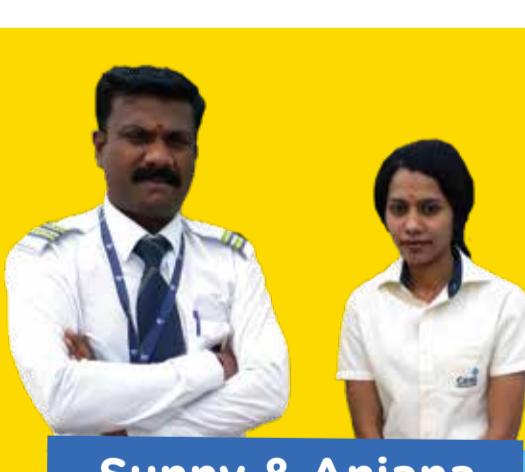

**3**

I would love to put my recommendation for Sunny Kuttan and Anjana. My son was taken to school every day by them for past three years with immense care and love.

I would appreciate the patience and tolerance of the team towards these young kids. My son was always greeted with a smile.

Sunny has always been careful and mindful of his driving while carrying the kids, especially in time of rough weather.

Thumbs up to both, looking forward for an equally supportive team.
